UNITED STATES
DISTRICT COURT

Dear Judge Mitchell h Cohen

my name is Patricia Hancock
I got this form in the mail

Case No 07-2867 (NLH)
MDI docket NO 1850

Because of this I lost one of my cats the other cat who had kittens 5 kittens. we had 6 cats one died, we buryed it. my family was heart broken. Stashe the calico mother we took her to the vet. that Bill cost me 400.00 and around 70.00 for her special food we had to bottle feed her 5 kittens. Scarlet took 2 of her kittens that where going to her they both died she spent 1000 on vet Bills we Spent around 105.00 on kitten milk cause mom cat couldn't feed them

my other cats got sick
but they are ok. I buy
90 cans a month to feed my
cats along with dry. each
can cost 26-28 cents back then
I did return around 45 cans
but I did keep a couple of cans
for proof. we spent hours
nursing the kittens. The stress
and pain the cats and my
family went threw. It will
cost me 900.00 to 1200.00
to replace my Siamese that
died. The notice I got said
I would get 900.00 per pet.
But does that include all
my cats? what about the
time I had to nurse the
kittens which I would not of
had to ~~do~~ if her mother hadn't
of gotten sick. I was hard
to keep stache locked in a
room for a month and keep
her from eating other food,

My kids cried my cats were in pain for around 4-5 days. and we went threw alot. It put us threw alot.
for the food and other costs it cost 605.00 But I feel and would like to be paid for time and gas so on. Scarlet should get her vet Bills I feel I should get 900 per cat and for her kitts and money to replace my cat. The cat that died was young. was a big party of this family we love all of are cats. I still get worried about the food they eat.

I hope you make this right.

Patty Hancock
